

Omnichannel Digital Commerce

Navigating the New Normal

Do you want to build personalized digital experiences on your commerce portals?

Are you struggling to craft powerful Aha moments ! for your customers, deliver personalized recommendations, and consistent customer experiences across multiple digital touch points?

Do you want to connect the data islands, break the silos, augment & strengthen your Digital Commerce Platforms across the Retail Enterprise?

North Star Approach to Digital Commerce Strategy

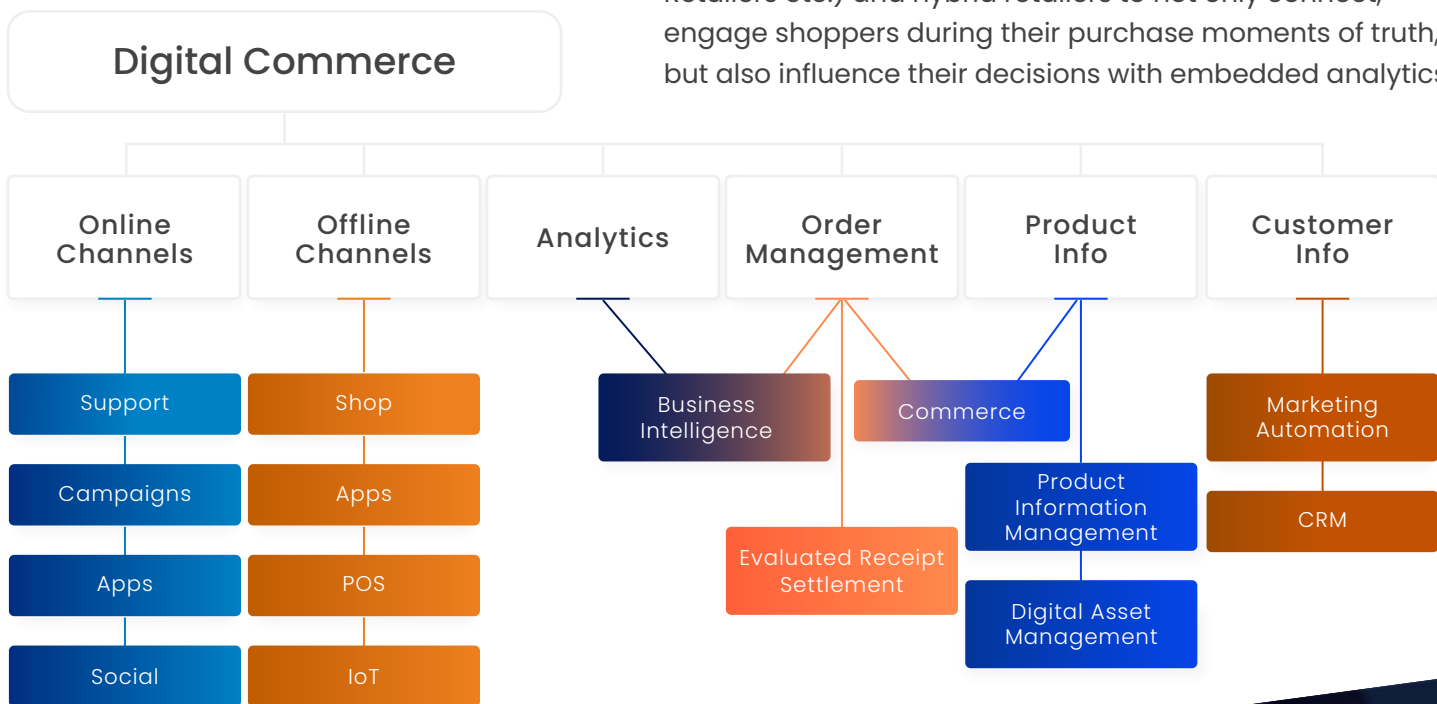

ACL Digital's North Star CX vision helps Retail Enterprises to navigate through the complexities of the business having consumer at its heart, driving frictionless shopping experience & pivoting top line growth.

The guiding principles embodying NorthStar CX Framework include specific heuristic behavior patterns and actions measured in every customer touch-points with personalized, seamless, proactive, transparent, compassionate, and consistent purchase decisions.

Helping Enterprises Navigate and Drive Future Commerce Strategy

ACL Digital enables retailers to better understand shoppers' behavioral attributes, persona and uncover opportunities to drive footfalls as well as web traffic. Our omni-channel digital commerce solutions enable brick-and-mortar (B2B Wholesale, Departmental, Fashion Retailers etc.) and hybrid retailers to not only connect, engage shoppers during their purchase moments of truth, but also influence their decisions with embedded analytics.

Digital Commerce – Innovation Towers

Our offerings for the retail industry are built around themes like:

- **AI Powered Enterprise Core:** Create a blueprint for 'stores of the future' by applying RPA, Cognitive automation, AI/Machine learning and data analytics
- **Enterprise Agility at Scale:** Envision a lean enterprise with cloud first data analytics, omnichannel enterprise apps, APIs and microservices based platforms
- **Cloud, Mobile First Retail Enterprise:** Accelerate innovation and transform into an integrated retail enterprise
- **Assurance & Compliance:** Address compliance through cyber security solutions to mitigate the risks of data and privacy breach
