

ACL Digital Life Sciences

Your Trusted Partner in Technology Innovation

ACL Digital, an ALTEN Group Company, is at the forefront of driving transformation in the Life Sciences sector. We are committed to placing customer journeys and cutting-edge design at the core of everything we do. As a leader in design-led digital experiences, enterprise IT modernization, and product engineering, we empower businesses to thrive in an ever-evolving digital landscape.

Our Expertise

We offer a comprehensive suite of services tailored to meet the diverse needs of the Life Sciences industry, ensuring operational excellence and innovation at every stage of the business lifecycle.

Core Services

Clinical Data Management

1

Our expert clinical data managers deliver accurate and compliant data handling across all phases of clinical trials. We specialize in CDISC compliance, ensuring results that are both rapid and precise across a broad range of therapeutic areas.

Statistical Programming

2

Leverage ACL Digital's pool of skilled statistical programmers for high-quality, timely clinical data solutions. From CDISC implementation to safety monitoring, we deliver expert-driven programming services, ensuring compliance, accuracy, and insightful analysis for your regulatory needs.

Biostatistics

3

Our biostatistics team offers in-depth expertise in clinical trial design, data analysis, and regulatory interactions ensuring high-quality outcomes delivered swiftly.

Regulatory Affairs

4

We provide strategic regulatory consulting to help you navigate the complexities of global regulatory approvals, ensuring your products reach the market with efficiency and compliance.

Advanced Life Sciences Solutions

AI-Driven Analytics

Revolutionize your processes with our AI-powered analytics platform, QInsight, which provides real-time insights and interactive analytics to optimize clinical trial management and decision-making.

Digital Transformation Services

Partner with us to implement robust digital transformation strategies that optimize operations, enhance customer-centric design, and maintain compliance in highly regulated environments.

Regulatory Compliance Tools

Our digital solutions streamline regulatory management, ensuring seamless interactions with health authorities and adherence to industry regulations.

Consulting and Support

SME Consultancy

1

Our subject matter experts provide precise guidance to tackle complex challenges, bringing deep industry knowledge to every project.

Project-Based Staffing

2

Our flexible staffing models provide on-demand expertise for both short-term and long-term projects, ensuring your teams are equipped for success.

Managed Services

3

Our managed services optimize your IT infrastructure, ensuring secure, agile operations that can deliver seamless digital experiences.
